Release Letter

Product:	<i>Configuration Manager</i>
Version:	<i>1.71.0013</i>

This letter contains latest information about the above mentioned software.

1. General

Configuration Manager is a generic configuration tool for all Bosch IP Network Video Products, both software modules and hardware devices.

It is used for configuration and licensing of the various products where it is included on the product CD.

Make sure to always use the latest released version.

2. Added Features

- Support of all features with VIP X firmware 3.50.
- Support of IVA 3.50 configuration via IVA Task Wizard.
- Support of enhanced Archive Player 2.20 functionalities.
